

MODULAR TYPE ALL STEEL TRUCK WEIGHBRIDGE

The lengths can be from 4 metres up to 32 metres,
with widths of 3.0, 3.5 and 4.0 metres available.

All platforms 0.34 m height.

Capacities of 60t, 80t, 100 & 120t.

Surface painted in marine waterproof paint

The weighbridge is fabricated in sections so that it is
capable of being portable or in a fixed installation.

All parts can be lifted with a forklift truck or small crane
for ease of handling on site.

The platform sections are dropped onto the beams
and locks hold them in position.

BUILT TO LAST

EASY TO INSTALL

EASY TO TRANSPORT

PROVEN RELIABILITY

Simple drop in place sections
